

Alberto Cisneros Morando

Camagüey, Cuba

Entry-level Full-Stack Web Developer

Email: your@email.com

GitHub: <https://github.com/albertdev-coder>

Portfolio: <https://yoursite.com>

Professional Summary

Entry-level Full-Stack Web Developer and Informatics Engineering student (expected graduation 2029) with hands-on experience building and deploying modern web applications. Skilled in Next.js, React, TypeScript, Node.js, and PostgreSQL. Experienced working in Linux-based environments and using Git for version control. Seeking a remote junior or entry-level full-stack developer role in an English-speaking team where I can contribute to real-world products and continue developing as a software engineer.

Technical Skills

Frontend

- HTML5
- CSS3
- Tailwind CSS
- JavaScript (ES6+)
- React
- Next.js
- TypeScript

Backend

- Node.js
- Next.js API Routes
